## Kentucky.

Dr. S. O. Eades has returned from a month's western trip. He visited Seattle and other points in Washington, also San Francisco, Denver and Salt Lake City. He was very much pleased with Denver and Salt Lake, but says Seattle has been booming ten years ahead of her real growth and that there are now ten men there for every available job. Wheat is the chief product of Washington, and Dr. Eades has left at this office a sample of Spring wheat grown there which made forty seven bushels to the acre. He left with a also a cigar box full of Washington soil, which is of an ashy color and looks like it would not grow anything. He says it is a great fruit country and that in the Yocum Valley some of the fruit growers realize as much as \$1,000 an acre per year for their crops and that the improved lands in the valley sell at \$1,000 to \$1,500 an acre and unimproved for \$300 to \$400 an acre. Dr. Eades says that he is not a land agent, but that from the agricultural point of view he would not give Central Kentucky for anything he saw in the west. The Doctor owns the Mason farm near Cove Springs, containing about 400 acres, which cost him \$125 an acre—Harradsburg Herald.

### Need More Judge Wells.

It is given out that the circuit court of Nicholas county will have the cowardly and brutal murder of Hiram Hodges by Night riders "investigated." That is the way the do-nothings always talk. "Strong instructions" to a grand jury go no further, usually, than the ears of those present, and are cheap political claptrap. What Kentucky needs is more men like Judge Wells, of Calliway—Harradsburg Democrat.

## SAD TRAGEDY

### Mrs. T. E. Wilson Brooding Over Ill Health Ends Her Life By Drowning

One of the saddest tragedies which has ever occurred in this county was that which happened at the home of Mr. Thomas E. Wilson on last Saturday morning. Mrs. Wilson's wife, Mrs. Florence Arbor Wilson took a desperate way of ending her life, her body being found in a cistern near the barn about two hours after she had disappeared from the house. The particulars of the distressing affair as near as we can learn them are about as follows: Mrs. Wilson was at work in the kitchen doing the churning when she complained to the colored woman cook that she was feeling ill and the woman said she appeared to be in a very nervous condition. The cook advised Mrs. Wilson to go into the house and lie down and thought she had come so until Mrs. Jack Sharp, a daughter, who was visiting her mother at the time came to the kitchen to look for her mother. Mrs. Wilson had gone to a neighbors on some business early in the morning and upon returning at about 10 o'clock became worried about his wife's absence and began a search. He and his little sons looked over the place and finally went to the barn and noticed that the covers to a cistern had been pushed aside and were horrified to discover the dead body of the wife and mother in the clear water of the cistern. The unfortunate woman had removed her shoes and stockings and her hat and these were found on the outside of the well. Help was hastily summoned and Dr. J. H. Hopper and Dr. Sterling Thompson near neighbors with the assistance of a negro man soon brought the body to the house. Mrs. Wilson had been in bad health nearly all winter. She had a very severe attack of the

grip and it seems had not fully recovered from it. She worried and was despondent about her condition but said nothing that would indicate that she contemplated self destruction.

Mrs. Wilson was before her marriage Miss Florence Arbor daughter of Mr. Morrison Arbor an old citizen of the county. Seven children survive her, a daughter, Mrs. Jack Sharp, of Williamsburg, and six sons, two of whom reside in Chicago. Mr. Wilson had been living in the neighborhood of Williamsburg for a number of years until about the first of this year when he moved to the farm in the Pleasant Grove neighborhood known as the Thomas Browne farm. Mrs. Wilson was a woman of refinement and possessed of a bright mind. She was a sister of Mrs. Andrew Thompson and Mrs. Pannie Parks of Louisville. The funeral took place at Pleasant Grove Presbyterian church on Monday afternoon. Interment in Pleasant Grove cemetery.

Mr. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. Sold by the Red Cross Drug Store.

### Want Another Judge.

In the case of the Commonwealth of Kentucky against Wathen, Mueller & Co., which stands for trial next Wednesday, the defendants Wednesday, filed a lengthy affidavit alleging, among other things that the Hon. H. H. Thurman, the presiding judge of the Marion circuit court, "will not afford them or either of them a fair and impartial trial—because said judge has and entertains an extreme and unreasonable aversion, bias and prejudice towards and against the law permitting the sale of whiskey, and anyone

engaged in the manufacture sale thereof." The affidavit recites the fact that Judge Thurman took an active part in the recent local option election and quotes from speeches made by him at that time, and alleges that he took an active part in having certain advocates of the whiskey cause arrested for the purpose of intimidating and humiliating them. They further allege that Judge Thurman had stated in the Taylor circuit court that if any doubt arose in his mind in a whiskey case he would solve it in favor of the commonwealth. They further state that the county is about equally divided between Catholics and Protestants, "that the adherents of the Catholic faith are in principle opposed to the enactment and enforcement of summary laws, and believe in the full exercise of the greatest freedom of personal liberty and are consequently opposed to local option laws and that many Protestants are likewise opposed to the enactment of summary laws and to local option statutes, and that the three jury commissioners were dry Protestants and that of the 38 names drawn for petit jury service only five are Catholics and they are dry men, and of the 24 names drawn for grand jury service only seven are Catholics and they are dry men. The affidavit winds up, "that affiants are opposed to local option laws and are opposed to being tried by juries who are partisans to the subject of local option." No action can be taken on this affidavit till court convenes—Marion Falcon.

### Chamberlain's Has the Preference

Mr. Fred C. Hamrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Cough, Colic and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purpose that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference."—by sale by H. Lydon & Robertson.

### One Touch of Nature Makes the World Kind

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be envious of a man who discovers something exceptionally good—he wants all of his friends and neighbors to share the benefit of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly afflicted may also use it and share relief. Behind every one of these letters is a warm-hearted wish of the writer to be of use to someone else. This remedy is for sale by H. Lydon & Robertson.

My scull!  
Where did she get that hat?  
Who ever did  
Invent a lady's lid  
Like that?  
Who had the nerve to roll it out  
And stretch it more and more  
From centerpiece to rim, until  
It spreads from shore to shore,  
And likewise lifts its summit up  
On high, and other things  
Above the arch until it scrapes  
The clouds and other things  
Who added to its wondrous width  
Of brim, so that the space  
Could easily accommodate  
An automobile race?  
Say, who does that?  
Who built her hat?  
Who made it something never seen  
On earth or in the sky,  
A flat of wide extended plain,  
A mountain towering high?  
Cut wider doors for her to get  
Inside of any place,  
And put the ceiling on the roof  
To give her nodding space,  
Push up the clouds to let her stand  
Erect upon the ground,  
And above the wide horizon back  
To let her stare around,  
Oh, weirdly, witching, woody hat  
That fattens out and towers—  
Who ever saw a thing like that—  
A smoke filled roller in a flower?  
A hat contagious—spreading? Yes,  
That names the Merry Widow!  
And she who fails to catch it should  
Slip out and change her lid,  
Gee whizz!  
What a wonder woman is!  
And my scull!  
Where did she get that hat?

That laugh, lifeless feeling that  
comes with Spring and early summer  
can be quickly changed to a  
feeling of buoyancy and energy by  
the judicious use of Dr. Shoop's  
Restorative.  
The Restorative is a genuine tonic  
to tired, rundown nerves, and but  
a few doses are needed to activate the  
user that Dr. Shoop's Restorative is  
actually reacting that tired spot.  
The indoor life of winter nearly al-  
ways leads to sluggish blood, and to  
sluggish circulation in general. The  
customary lack of exercise and out-  
door air ties up the liver, stagnates  
the kidneys, and oftentimes weakens  
the heart's action. Use Dr. Shoop's  
Restorative a few weeks, and it will  
be changed. A few days' rest will  
tell you that you are using the right  
remedy. You will easily and surely  
note the change from day to day.

## Will Be Distributed.

Winchester, Ky.—The district  
committee of the Burley Tobacco  
Society adjourned this afternoon  
after two days' meeting. The  
meetings were secret, but the  
principal subject under discussion  
was the distribution to the  
growers of the money received  
of the pooled tobacco which has  
been sold. Ninety per cent. of  
this money will be paid over to  
the owners of the tobacco sold  
and 10 per cent. will be retained  
as an equalization fund until the  
remainder is disposed of.  
Checks will be sent out from  
headquarters to the individual  
owners, but will be sent to the  
board of control of each county  
to be indorsed by that body be-  
fore being delivered to the indi-  
vidual. The money to meet these  
checks will be deposited in the  
local banks of each county.  
Of the 10 per cent. retained four-  
fifths will be deposited in each  
county and one-fifth will be re-  
tained here until all tobacco is  
sold.

Hereafter there has been  
considerable variation in the  
management of affairs by the  
various county boards of control,  
but in the distribution of funds  
a uniform system has been  
adopted and will be rigidly ad-  
hered to.

## Awful Experience.

Mr. John Sharp, had a most  
unusual and serious experience  
last Saturday. He left his home  
about seven o'clock that morning  
to walk to Campbellsville, a dis-  
tance of seven miles, for the

## Does Your Heart Beat

Yes, 100,000 times each day.  
Does it sound good, healthy,  
or bad blood? You know, for  
good blood is good health,  
bad blood, bad health. And  
you know precisely what to  
take for bad blood—Ayer's  
Sarsaparilla. Doctors have  
endorsed it for 60 years.

One hundred million of men suffer from  
blood impurities. The impurities  
are the cause of all diseases. Ayer's  
Sarsaparilla is the only blood  
purifier that has been tested and  
found to be the most effective.

## Plan for Summer Comfort

Don't add the heat of a  
kitchen fire to the sufficient  
discomfort of hot weather.

Use a New Perfection Wick  
Blue Flame Oil Cook-Stove  
and cook in comfort.

With a "New Perfection" Oil Stove the preparation of  
daily meals, or the big weekly "baking," is done without  
raising the temperature perceptibly above that of any other  
room in the house.

If you once have experience with the

NEW PERFECTION  
Wick Blue Flame Oil Cook-Stove

you will be amazed at the restful way in which it  
enables you to do work that has heretofore overheated  
the kitchen and yourself.

The "New Perfection" Stove is ideal for summer  
use. Made in three sizes and all warranted. If  
not at your dealer's, write our nearest agency.

The Rayo Lamp gives perfect

At first the family thought he  
had met foul play, but he was  
told back about two miles  
from home where it was dis-

rolled about on the ground of a  
plowed field he had started to

was taken suddenly ill and fell

distance and reach his home in  
his condition. He still and his

his many friends hope to see  
him out in a few days.—Tall

## Dies at Lebanon.

Lebanon, Ky., April 23.—  
Judge O. G. Kelly died at his  
home here this morning at 2  
o'clock. He had been afflicted  
with Bright's disease and heart  
trouble for several months, but  
his death came as a surprise.  
He was one of the best known  
men in this section of the State.  
Judge Kelly was a native of  
Somerset, but had resided in  
this city more than forty years.  
He had been twice honored by  
the people of this county as  
County Judge and was Mayor of  
Lebanon, one term. He is sur-  
vived by a wife and seven chil-  
dren, Dr. Edward Kelly, J. A.

Kennedy's Laxative Cough Syrup  
—the cough syrup that tastes nearly  
as good as maple sugar and which  
children like so well to take. Unlike  
scarcely all other cough remedies,  
it does not constipate, but on the other  
hand it acts promptly yet gently on  
the bowels, through which the cold is  
forced out of the system, and at the  
same time it allays inflammation. Al-

## The Great Live Stock Pavilion

The State Board of Agricul-  
ture, Forestry and Immigration  
at its last meeting approved the  
drawings of the architect, Alfred  
S. Joseph, for the erection of  
the new live stock pavilion at  
the Kentucky State Fair grounds.

The building will be the largest  
and most modern and up-to-date  
show pavilion in the United States.  
The arena on the inside will be  
115,000 feet, circumscribed by 14 foot  
cement promenade. The building will  
accommodate ten thousand people.  
In accordance with the latest  
exhibition ideas, all the live stock  
to be exhibited in this building and  
the exhibits as well as the crowd  
will be amply protected from the  
heat and inclement weather. In  
other words the show will be  
pulled off rain or shine. Bids  
will be opened April 30th and  
building to be completed 4 Sep-  
tember 1st.—Farmers Home

According to a special from  
Frankfort within the next sixty  
days the new capitol will be  
turned over to the Capitol Com-  
mission, complete in every way  
as far as the actual building is  
concerned. The arrangement  
for furnishing the building will  
be taken up next week, when  
Frank M. Andrews, the architect  
—it will be in Frankfort, and will go  
over his plans for the furnishing  
and embellishment of the build-  
ing with the commission Mr.  
Andrews was in Frankfort and  
met with the Commission, but the  
only business that was trans-  
acted was to go over the plans  
for the expenditure of the money  
appropriated by the last General  
Assembly. Mr. Andrews said  
he expected the building to be  
ready to turn over to the Com-  
mission within sixty days. It  
probably will not be occupied  
within six months.

How to Avoid Appendicitis

Most victims of Appendicitis are  
those who are habitually constipated.  
Orino Laxative Fruit Syrup cures  
chronic constipation by stimulating  
the liver and bowels and restores the  
natural action of the bowels. Orino  
Laxative Fruit Syrup does not in-  
jure or irritate the bowels and gives  
no pain. Refuse substitutes
